

4th Cohort of Street Kids Raising Star Scholarship Students 2022

Street Kids Funds Learning Center

In **November 2022**, as part of the 4th cohort of *SKF Raising Star Scholarship Program*, **3** children got selected from the SKF Learning Center to transition into a regular school program. These 3 children were admitted into *Bilson Private School*, where 2 SKF children from the 2nd cohort were already studying since 2021.

Introduction of the 4th Cohort SKF Raising Star Students

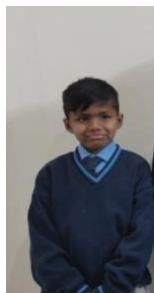

Ms. **Arisha** joined SKF Learning Center in 2018 at the age of 4, as part of the first batch of the SKF students that got enrolled when SKF center started. Arisha is the only child of her parents.

Her father works in different homes working as a gardener, laborer, cleaner or whatever jobs he can find, and her mother works as a maid in different homes and together they earn as little as Rs 15,000 a month. At the time when Arisha joined SKF Learning

center she was a very shy, quite kid but always showed eagerness in learning about new subjects.

A bright kid who quickly grasped what was being taught and always actively participated in all SKF indoor and outdoor activities. She has transitioned from SKF Learning Center into a regular school program in 4th class in November 2022.

Master **Arslan** was also amongst those kids that enrolled in SKF Learning Center at age 4 when it started in 2018. He has two brothers and two sisters.

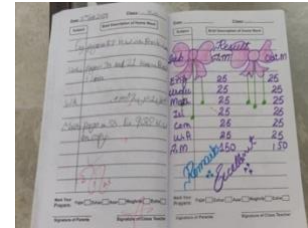

He is an orphan child. His father passed away in 2015. Mother works at a beauty salon, earning Rs 10,000 per month. Arslan from the start has been an energetic kid interested in outdoor activities and needed constant attention to be attentive in classwork. In November 2022, Arslan joined class two in a regular primary school program. In the first two months of the transition, Arslan has started to show interest in his classwork and has become very responsible and focused on his studies.

Gul Naz joined SKF in 2019 at the age of 7, in the 2nd batch of students enrolled at the SKF Learning Center. She had never been to any school and started at the prep level. Gul Naz from the start showed much interest in her learning and was a very obedient and helpful student in class. In 2022 a medal was given by the staff of SKF for being the most obedient student in her class. She has two sisters and her father died in 2022. Her mother works as a house maid in different homes.

She transitioned a regular school program in class two at a private primary school in November 2022. In her first term class test Gul Naz scored 150/150 marks and “Excellent “as a remark by her class teacher!

2nd and 4th Cohort of SKF Raising Star Scholarship Students at regular primary school.

Arsalan 2nd class, GulNaz 2nd class, Savera 5th class, Ujela 5th class and Arisha 4th class
